

## **Project Description:**

This Description will be simple as possible .

- The first step is to choose which language you want to use .

- Then you'll see the home page of the application , in this step you'll be able to upload the excel file , by clicking at "browse" Button , as you see in the image :

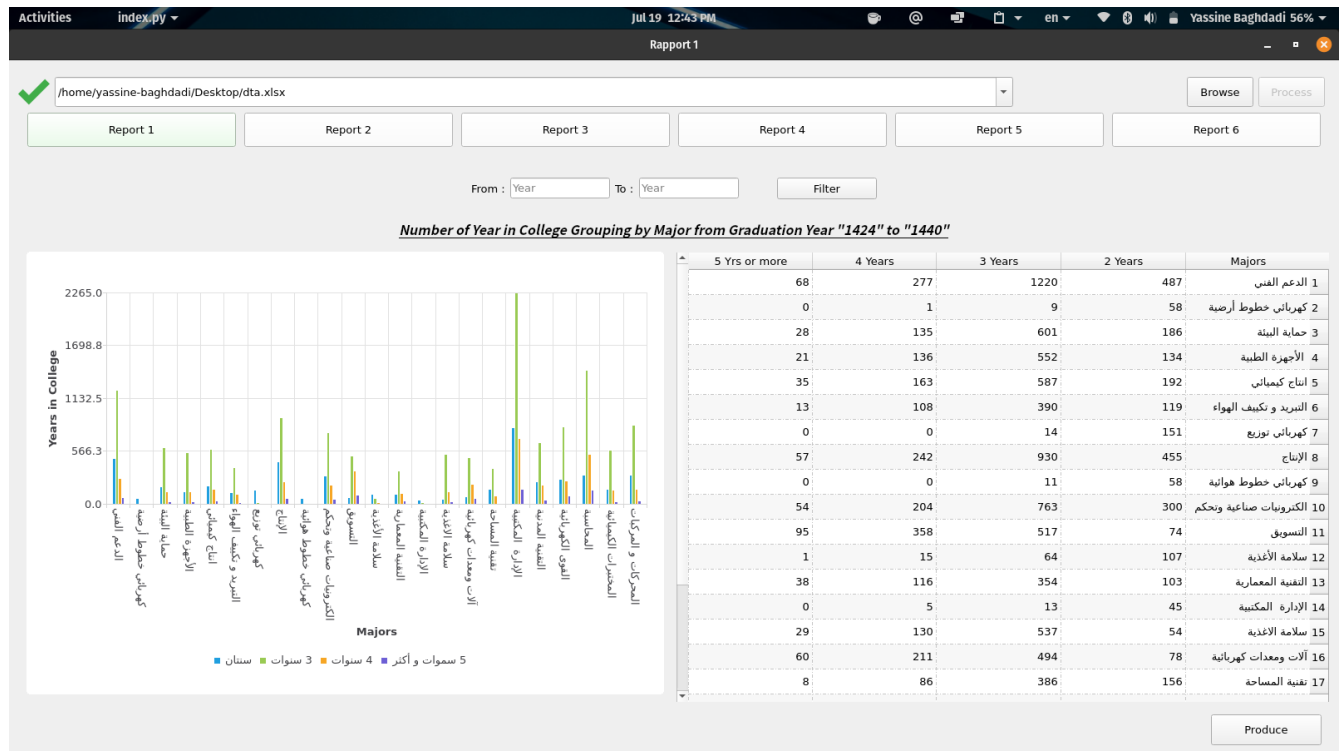

\*The file should be not empty and like this structure :

	A	B	C	D	E	F	G	H	I	J	K	L	M
1	Student ID	Date of birth	Place of birth	Type of ID	Place of Issue	Department	Major	Graduation Year	Year	Semester for graduation	GPA	Grade	Type of certificate
2	101298422	1411/01/01	الرياض	إقامة	الرياض	تقنية الحاسب	الدعم الفني	1433	1433/1432	4323	4.11	جيد جدا	دبلوم
3	438139281		الرياض	إقامة	مكة المكرمة	القوى الكهربائية	التقنية الكهربائية	1440	1440-1441	4401	4.86	ممتاز	دبلوم
4													

if the file conditions was OK you'll be able to reach all reports

- For each Report you find the data organized on table and graph as well:

\*Report 1 : The number of years the student spent in college for each Major.

\*Report 2 : distribution of min, mean, max year of graduation for major, department, college.

\*Report 3 : distribution of min, mean, max age of graduation for major, department, college.

\*Report 4 : distribution of min, mean, max GPA of graduation for major, department, college.

\*Report 5 : geographic distribution of students.

\*Report6 : Origin of the student and distribution of min, mean, max GPA of graduation for each of [Native/non-Native]

- for each Report page you able to select the period of graduation,

From :  To :

and for Report 2 & 3 & 4 you can filter by Colleges/Majors/Departments

From :  To :  Group by :

**min/mean/max of GPA Grouping by College** **4" to "1440"**

- For each Report you able to Produce the data as new excel file by clicking at “produce” Button at the bottom
